But Haven is hoping to find more than old artifacts beneath the azure waters; she is secretly on a quest to locate a trove of priceless gemstones her late father spotted on his final dive. As Haven searches for her father's sunken treasure, she begins to unearth a centuries-old tale of ancient sorcery and one woman's quest to save her lover and her village by using the legendary art of stregheria, a magical ability to harness the ocean. Could this magic be behind Positano's latest calamities? Haven must unravel the Amalfi Curse before the region is destroyed forever...
